### REMARKS

In the Advisory Office Action dated April 5, 2005, the Examiner asserted that the Applicant had "forgotten the terminal disclaimer for [US Patent No.] 5,899.855" in the Response filed March 1, 2005. However, a terminal disclaimer for US Patent No. 5,899.855 was included with the Response filed March 1, 2005. Applicants have, for example, included herewith a copy of the Receipt Acknowledgement Postcard setting forth the dated stamp of the United States Patent and Trademark Office, indicating receipt of the Response filed March 1, 2005 and the three terminal disclaimers (including the terminal disclaimer for US Patent No. 5,899.855) accompanying that response.

Applicants respectfully assert that the terminal disclaimer for US Patent No. 5,899.855 must have been misplaced by the USPTO. In any event, the terminal disclaimer for US Patent No. 5,899,855 asserted to be missing from the Response filed March 1, 2005 accompanies this Response.

The three terminal disclaimers filed in this case obviate the double patenting rejections set forth in the final Office Action dated February 11, 2005.

Once again, the filing of the terminal disclaimers accompanying this Response and the Response filed March 1, 2005 is not an admission of the propriety of the Examiner's double patenting rejections.

The Commissioner is hereby authorized to charge the fee associated with the terminal disclaimer for US Patent No. 5,899,855 to USPTO Deposit Account 13-2530. A duplicate of this Response has been filed herewith.

In light of the above Remarks and the accompanying terminal disclaimers, Applicants thus respectfully requests that the Examiner indicate the allowability of the claims and arrange for an official Notice of Allowance to be issued in due course.

Respectfully submitted,
